ABV 50%

RON MILLONARIO 10 ANIVERSARIO CINCUENTA

CINCUENTA SHADES OF STRENGTH

Ron Millonario 10 Aniversario Cincuenta is based upon the same recipe, maturation and blend of the 10 Aniversario Reserva, but it's bottled at higher strength to satisfy the high demand from barmen all over the world for an easy and sweet rum that at the same time off ers a higher intensity of fl avour. An important ingredient to create cocktails with character and boldness, but also more suited for sipping on the rocks without the ice diluting the strength and heat of the rum too much.
The design of the bottle and packaging is modern and elegant, with the same graphical style of Ron Millonario 10 Aniversario Reserva and the same innovative transparent glass cap to retain the family feeling, but in gold rather than in black.

TASTING NOTES

It echoes the sweet fruits, vanilla and chocolate of the standard 10 Aniversario Reserva, but much more intense and concentrated. It has a richer mouthfeel, almost tactile, and a more robust caress on the tongue and palate.
The higher strength accentuates the drier and winey fl avours from the sherry casks too. Th e result is something in-between the easy freshness of the 10 Aniversario Reserva and the sweeter and darker complexity of the Solera 15.
