# MILLONARIO XO MAGNUM MURANO COLLECTION

---

LIMITED EDITION

PÁRAMOS & SECHURA

An extremely limited collector's edition of **Ron Millonario XO**, available in only 30 numbered bottles for each of the two styles.

Taking inspiration from the traditional and well-recognized bottle shape of Millonario XO, an artisanal glassmaker from **Murano** has created its own artistic homage: each bottle has been decorated and engraved by hand in one of two different styles that celebrate the shapes of landscapes and natural beauties of **Peru**, birthplace of **Millonario**. The unique craftsmanship of the manual decoration ensures that each of the numbered decanters is different, the fruit of an irrepeatable artistic vision and of the inspiration of the moment.

MURANO COLLECTION

# PÁRAMOS

Pàramos is the tropical mountain area north east of the distillery. The decanter, with its vertical motif, is a stylized homage to the luscious Peruvian vegetation, and in particular the sugarcane plantations.

# SECHURA

Sechura is the sand desert on the northern coast of Peru, immediately north of the distillery, and the motif of the decanter is a fine wavy horizontal pattern reminiscent of the ripples on the dunes.
